GAME RULES

- 1** Place the pieces on the game board as shown in your selected challenge:
 - Early challenges show the position of 2 of each of the farm animals.
 - Later challenges show only one of each of the farm animals, and also include water troughs.
- 2** Divide the field into separate meadows using the fences:
 - The horses, cows, sheep and pigs must end up in different, separate meadows.
 - In later challenges each separate meadow must have a water trough for the animal in that meadow.
 - Not all fences are needed for every solution. Sometimes you will only need 1 or 2.
 - Fences should be placed with the rounded edges on top.
 - You can only change the position of the 3 fences. You are not allowed to change the position of the animals or the water troughs.
 - All meadows should be occupied – there will not be any empty meadows in the solution.
- 3** There is only 1 possible solution, shown at the back of the challenge booklet.
